Powered by

- It has more than 30 languages
- More than 100 million people each year
- Produced more than 45 million copies of the report

Based on the classical theory of efficient team, individual team members understand how their own personality style & styles of their team member contribute to the team 's

To gain this advantage, teams must:

- ▲ **Trust One Another**
When the team members among themselves true transparency and honesty, they are able to build trust based weakness
- ▲ **Engage in Conflict Around Ideas**
When trust is established, the team members can participate in the unreserved and constructive debate to tackle the problem
- ▲ **Commit to Decisions**
When team members to submit ideas and controversial opinions, they are recognition of decisions
- ▲ **Hold One Another Accountable**
When everyone agrees that a clear plan or action, they will be more willing to be responsible for each other
- ▲ **Focus on Achieving Collective Results**
Confidence-building, the ultimate goal of the debate, commitment and sense of responsibility of only one, to get results

The single most untapped competitive advantage is teamwork.
